

DIRO® receives Malmo Cleantech City award 2016

May 23, 2016 | Awards

Congratulation SWATAB, winner of Malmö Cleantech City Award 2016!

A true innovation uses known technology in brand new applications. The winner of this years Malmö Cleantech City Award is indeed such an innovation. The solution has multiple environmental, economic and health benefits. It can easily be installed into existing laundry rooms without any need to exchange machinery. SWATAB has a truly unique solution and it is the choice of the Malmö Cleantech City Award jury because this is something they would like to see installed in their laundry rooms.
